I think the igloos are fascinating. As I sit in my modern heated house, I wonder what it would be like to find warmth in a masterfully designed dome made of ice. The Inuit, native to the Arctic, built igloos to stay warm in frigid times Fall to -50 degrees F. People designed igloos not only with blocks of ice, but with whale bone, walddish hides and stone. The Inuit invented clever ways to stay warm inside, including sleeping on skins, and cream lamps made of animal fat. In addition, the dome itself was perfectly shaped, so the front corridor kept the winds cold from entering; As a result, indoors, temperatures remained between 20-60 degrees F. How to teach your student a silent ePresent with a list like this:Then ask your student to tell you the difference between the left list and the right list. The interaction will look something like this: MASTER: Let's turn around reading these words. You read the word on the left, then I'll read the right word. We will move on until we read all the words. STUDENT: CAPTEACHER: CAPSTUDENT: petTEACHER: pete... [continue this way until you and your student read all the above words.] TEACHER: What's the difference between the left list and the right list? STUDENT: Those words [pointing to the right list] have an e at the end, and those words [pointing to the left list] are not. That's right. What does the e do in the end? STUDENT: Change the word. TEACHER: Yes, it changes the word by changing the sound of the first vowel. If there is an e at the end, the first vowel is long. He says it's the name as a boss. Pete, hide. If there is no e at the end, the first vowel is short as in cap, pet, hid. We practice. What does the e do to the first member? STUDENT: It makes it long. Let's say our long vowels together. [Master points to the vowels in the silent words. The teacher and the student say all the long vocal sounds]. TEACHER: If there is n't an e at the end, is it the first long or short vowel? STUDENT: Short.TEACHER: Let's say our vowels short together. [Teacher and student say short vowels.] What are short vowels? The short vowels are: a_ as in cape_ as in pet_ as in hido_ as in hopu_ as in us If your student is struggling with short vowels, do not teach quietly and yet. If your student struggles with short vowels, get our books of printable short vowels. Let him practice. What are the words and silent? Silent words are long vowel words. The e in the end makes the first vowel long (or say its name).
